Hey Giselle Hey Giselle
F C
Can you sell me the news today
F
But samba past the rising tide
C
and the houses washing away
F
Let me know about the sporties and the famous and
C
the ne'er do wells
F
Oh Giselle Oh Giselle, we want
C
to know nothing today

Hey Giselle Oh Giselle
Whack it to me in your jaunty tone
But I don't really want to hear about the things that I read on the telephone
Just give me hope
Even if it is just fluff and fear
Oh Giselle, I want to know nothing today

Bridge
Dm6
Giselle Wakatama, tell me how
C6
is our island home
Dm6
Does it still float above the sea,
C6
or has it now gone undersound
F
Let me know, you know it's the
C
news that I want to hear

Oh Giselle Wakatama, can we
F C
still call our island our home
