My Dad lives up in Fingal Bay
My soul lives down in Glebe
My heart is somewhere lost
within
A torrid angry scream

Betraying locks of auburn hair
He strayed beyond the pale
My mother purged him long
ago
But I can't forget his wail

Chorus 1

But when's there time to
forgive him?
When can I let forget?
And when's the time to beat the
shit
Out of my lost and lonely
lovely lovelorn Dad?

My strands of memory by the
sea

Out there he's riding waves
I wish I were there dangling
legs
Beside him as he strayed

Perhaps I could've headed off
That possibility
Or strangled her, that evil witch
No questions, vengefully

Chorus 2

I can't I can't forget forgive
I'm tortured up inside
I want to be the ship that shifts
on
My own tossed turning tide

Repeat Chorus 1
