As performed by Aaradhna (a Kiwi artist). Made famous in our world by the Wellington International Ukulele Orchestra (with a cranking solo from James Hill).

One bar each of C, F, Dm, G throughout the whole song

## Verse 1

Empty pizza boxes on the floor  
Empty liquor bottles from before  
You'll find your comfort in  
between the sheets  
Way too afraid to take it to the  
streets

Confidence just went out the  
window  
So down, can't get up, can't  
move no more  
Life is passing by and your poor  
soul is gone (oh oh oh)

**Chorus** (*twice through each time*)

Wake Up (Wake Up)  
Wake Up  
\_Get Up (Get Up)  
Get Up  
Get out of bed  
Stop wasting time

## Verse 2

Say that you'll do it the next day  
Then in rolls the year 2008  
Still procrastinating  
Your work is overdue (ooh oh)

Say that you'll buy a big house  
But you ain't got squat right now  
Disappointed cause you said that  
change was gunna come, come,  
come

## Chorus

## Verse instrumental

## Bridge x2

I've been trying to get to you  
I've been trying to get through to  
you  
Tell me if you hear me  
Tell me if you're listening  
(*twice through*)  
(*End of second time through*)  
Oh tell me if you understand, say

## Chorus
