

# Let Love Rule

Archie Roach

Key of G

G C G  
Oh when darkness overcomes us and we cannot find our way  
D C G  
Although we keep on searching for the light of day  
C G  
And we hear the children crying and we don't know what to do  
D C G  
Gotta hold onto each other and love will see us through

G Em C G  
Let love rule let it guide us through the night  
Em C D  
That we may stay together and keep our spirits calm  
G Em C G  
Only truth will shine the morning light  
Em C D G  
'Cause love is the only thing that will keep us safe from harm

C G  
Oh, I cover up my ears so I cannot hear  
D C G  
The voices of hate and the voices of fear  
C G  
And I cover up my eyes so I cannot see  
D C G  
What happened to this country that used to be free

G Em C G  
Let love rule let it guide us through the night  
Em C D  
That we may stay together and keep our spirits calm  
G Em C G  
Only truth will shine the morning light  
Em C D G  
'Cause love is the only thing that will keep us safe from harm

C G  
Oh, you know I love this country every rock and every tree  
D C G  
The grass lands and the deserts the rivers and the sea  
C G  
Well you know I love the people wherever they are from  
D Am D  
Yes, I love all the people who call this land their home

G Em C G  
Let love rule let it guide us through the night  
Em C D  
That we may stay together and keep our spirits calm  
G Em C G  
Only truth will shine the morning light  
Em C D G  
'Cause love is the only thing that will keep us safe from harm
