

The Medicine Man

© 2021 Keb' Mo'

A simple sorta blues progression over the verse and chorus

C (Verse)	C	C	C
F	F	C	C
G (chorus)	G	C	C
C tag	C tag		

Verse 1

Well, it looks to me like the end
is coming
Feets hurt and my nose is
running
Friends and neighbours are
dropping like flies
You better cover your face,
sanitise

Chorus

Everybody's doing the best that
they can
And we're all just waiting on the
medicine man
The medicine man

Verse 2

Well, you better lock your doors,
turn on the news
The whole damn world is singing
the blues
President lost but he don't
wanna go
Mother earth, she needs a little
help, you know

Chorus

Bridge – (a bit of odd timing here)

short long short long

F - 4	C - 1	D7 - 2 ⁷	G - 5
-------	-------	---------------------	-------

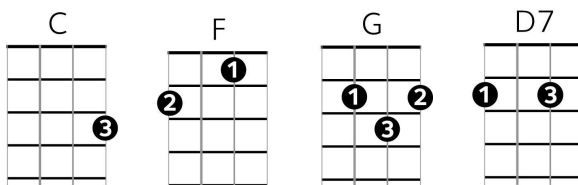

We're gonna give everybody a
little dose
But we got to give it to the
people who need it the most

Verse 3

I can't tell what the future holds
It might turn to crap, it might turn
to gold
Maybe the bees might teach the
pigs to fly
But I am just gonna love
everybody till the day I die
